

## The Medjugorje Hymn

### **To the Mother and Queen of Peace**

We come to you, dearest Mother,  
from all quarters, from all nations;  
bringing to you all our troubles  
ardent wishes, aspirations.

***Look upon us and console us,  
lay your gentle hands upon us;  
intercede with Jesus for us,  
Mother of Peace, do pray for us.***

All the faithful look up to you,  
you the lodestar of salvation;  
cleanse, embrace us, we pray to you,  
bless all in the congregation.

Bijakovo, Medjugorje,  
little hamlets spread the story,  
bearing witness to your beauty  
to your name and to your glory.  
For all your love, dearest Mother  
all the wonders that we have seen,  
we give to you solemn promise  
to be better than we have been.
